

Furniture Maker

Opus Magnum is a high quality, bespoke design and furniture manufacturing company based in Wandsworth, SW18. We work on a broad range of exciting work for major companies like Microsoft to the committee tables in the UK Parliament. As a company we are known for our expert craftsmanship, focus on quality and a passionate approach to our work. www.opusmagnum.co.uk

We are currently seeking an enthusiastic sales support person to join our skilled team. The role is collaborative and there is a good opportunity for progression within the company.

General workshop responsibilities:

- To contribute to maintaining a clean and efficient workshop.
- To have the flexibility to sometimes vary working hours to suit production needs.
- To understand and adhere to the company's Health & Safety policy including when the use of PPE is compulsory. To alert the Manufacturing Manager of anything that you feel could affect H&S.
- To show good time keeping.
- To have a reliable attitude towards wrapping, loading / unloading and assisting in the spray department.
- To act as an Ambassador of the company when on site and/or client facing.

Making requirements:

- a. To have the ability to use all the functions of the main workshop machinery in a safe and accurate manner (including panel saw, resaw, 4-cutter, edge bander, edge sander, veneer saw, veneer jointer, veneer press, hand router, biscuit jointer, speed sander & wall saw).
- b. To be competent and consistent at lipping.
- c. To be competent with basic veneering techniques including the use of all the veneering machines, but excluding veneer allocation.
- d. To understand assembly techniques using 'Hafele' components (runners, hinges) and to be able to demonstrate this with accuracy and speed.
- e. To be able to glue-up, assemble and 'arris' a standard credenza unit to a high standard that is ready for the spray department.
- f. To assist with site deliveries and the installation of furniture items.
- g. To understand the quality of the work that is expected of you and to inform your Team Leader of anything that concerns you.

- h. To be responsible for the quality of your work at all times and to promptly inform your Team Leader of anything that you are concerned about.
- i. To make sure that you understand the making task given to you by you Team Leader and have a clear understanding of how long it is going to take.
- j. To be competent with all assembly and gluing procedures.
- k. To have the ability to see all the steps to completing an average piece without unnecessary stages and to a high standard.
- l. To be competent in the veneering area, including a general understanding of veneer allocation and making veneer plans.
- m. Experienced with all normal site fitting & installation techniques as part of a team but in an independent fashion.
- n. Experience of more advanced solid wood construction and selection including the use of the spindle moulder.

Employment details:

We offer a pleasant / friendly / good humoured, but hard-working atmosphere. You would be working alongside a highly motivated team and will be supported to learn & develop your skills.
